Golfing pass carriers may participate in club sponsored tournaments with the exception of those listed as Elk members only. Such as the 159 tournament. Students are limited to weekdays which eliminates them from tournaments. Elk members have priority on all tournaments.

Pass carriers have access to the golf course only and do not receive discounts on lodge rental and are restricted from the lodge by keeping the doors locked. They would have access during family night, Stags, and tournaments or anytime the lodge is open to the public, or if invited in by an elk member.

All trail fees and special assessments apply to pass carriers. A special assessment for example: A fuel surcharge each time they fuel a personal cart or use a club cart.

If choosing monthly billing, pass purchasers must select direct debit system.
Note: the direct debit contract is a enforceable instrument.
