## Maryland Center Cooking Class - Gratitude Grant

Our Youth Program held it's second cooking class for the teens that live at the Maryland Center. We are getting to know each other and the class goes way over the hour scheduled because we are all having fun.

This class was headed by Mike Norton and new Officer Kerri Oreskovich. They taught the kids how to make omelets and breakfast pizza, and the different ways they can be made. The afternoon session Kerri taught them all of the different kinds of doughs and ingredients available and their cost, as she showed them how to make regular pizza. I shared my recipe from a daycare center I worked at once using bisquets for personal pizzas. These kids are learning a lot and several of them told us they look forward to the class.

Brad Norton and I had delivered the remaining kitchen provisions that were back ordered at Walmart the week before, so they now had their pots and pans sets as well as dishtowel sets and the ever important pizza pans. Not every one needs everything we brought, so there is a nice little stock pile of items for any youths that may come in the coming months.

In July, we will have a surprise for the Center and a special outdoor cooking class.
